

Clinical Trial Project Intern

Polaris Strategic Partners, Inc.

*New medicine and treatments are getting better, but we need them faster. With your help, we could be a whole lot closer to **Cure**. Come and join us to transform new medicine development and make an impact.*

▼ What We Are Looking For?

- Are you passionate individuals interested in building a career in clinical trial development and management?
- Do you pay great attention to detail?
- Do you have strong analytical and computer skills?
- Do you have strong problem solving and communications skills?

▼ Qualifications

- Undergraduate rising sophomores, juniors, or seniors and graduate students in accredited universities majoring in related areas of life sciences, healthcare, and biomedical research
- Prior experience with Microsoft Office products

▼ What You Will Learn?

- The intern will work with and be mentored by a group of seasoned clinical development and operations experts in supporting clinical trial project conduct. The activities and responsibilities will include key project documents e-filing according to the standard operation procedures; assisting tracking key project status, project management and status reporting; conducting literature research of clinical trials.
- The intern will gain exposure to biotech industry's clinical trial research processes, regulatory requirements of research, training on industry standards for regulatory documentation requirements.

*New medicine and treatments are getting better, but we need them faster. With your help, we could be a whole lot closer to **Cure**. Come and join us to transform new medicine development and make an impact.*

▼ Who We Are?

We are a group of seasoned experts to provide smart solutions for emerging biotech companies in clinical trials. Our goal is to empower scientists to accelerate trial success for new therapy development.
